

RAINBOW REWARD PROGRAM

FOR RECREATIONAL GYMNASTICS

What is the Rainbow Program?

At World Elite Kids, it is our goal to create a successful, positive, and fun atmosphere for all of our students. We want students and parents to be able to easily monitor the progress that is being made. The Rainbow program represents six levels in our recreational gymnastics classes. Each level is represented by a color of the rainbow.

How do students advance?

Within each level, there are a number of gymnastics skills that must be mastered before moving onto the next level. Monthly evaluations are low stress and allow the coaches to track the athletes' progress awarding them a colored wristband when they master the skills for each level.

What are the levels of the rainbow program?

The Rainbow Program teaches skills in proper progressions and provides the greatest success for the student as they approach skills in small steps that eventually lead to more complicated skills.

Beginner Gymnastics **Blue & Yellow**

Intermediate Gymnastics **Green & Orange**

Advanced Gymnastics **Purple & Red**

Should my child wear their wristband class?

Yes, each student should have their wristband on during class along with a leotard and their hair pulled away from their face. No socks or jewelry please.

What happens if my child loses their wristband?

World Elite Kids is not responsible for lost wristbands. Replacement bands are \$2.00.
